

Ultra-Probiotic

Description

Product number B004 - Ultra Probioticum 100 Vecaps.

Modern multi-species complex, with nine strains of bacteria that occur naturally in the human digestive system and a germ count of at least 10⁹ viable germs per gram.

For an optimal synergy, a multi-strain formula was deliberately chosen. This formula is not only equipped with more types of bacterial strains than is usual with these types of products, but also contains amylase enzymes that stimulate the digestion of maize starch and maltodextrins, which can start the metabolism and division of the bacteria.

Ingredients per Vegicapsule:

Blend * 550 mg

* Mixture in equal parts of: Bifidobacterium infantis, Bifidobacterium lactis, Bifidobacterium longum, Enterococcus faecium, Lactobacillus acidophilus, Lactobacillus casei, Lactobacillus plantarum, Lactobacillus salivarius and Lactococcus lactis, enalt, metaltus, metaltus, metaltus, metaltis, edible, Faltis amylases). Contains 10⁹ viable germs per gram.

This product contains no gluten, lactose or milk proteins. Storage advice: outside the refrigerator, in a dry place. Close the package well after use. Guaranteed shelf life of 2 years.

Usage and warnings:

Adults: 3 x daily, well before meals, 1-2 capsules or 1 x daily before bedtime take 2-6 capsules. When using antibiotics, leave more than two hours between taking this product and the antibiotic.

The highest bacterial count is achieved by opening the capsule and dissolving the contents in a glass of lukewarm water, stirring, allowing to stand for half an hour, stirring well again and then drinking on an empty stomach.

This product is suitable for both adults and children from 6 months.

Do not exceed the recommended dosage. Keep out of reach of children. Do not use in case of hypersensitivity to one of the ingredients in this product. A dietary supplement is not a substitute for a balanced diet.
