

**Product number B015 - 100 Vegicaps R + Alpha-Lipoic Acid**

**Description:** Alpha lipoic acid is an organic sulfur-containing substance that acts as a cofactor for various enzymes in the human metabolism. Conventional alpha lipoic acid supplements contain a racemic mixture of the r + and the s- isomer. However, the r + isomer is the natural form (enantiomer) of alpha lipoic acid. Recently this formula has been extended with d-biotin.

**Ingredients and% Reference Intake per Vegicapsule:**

R + Alpha-Lipoic Acid 100 mg (elemental) D-Biotin 250 mcg (500%)

**Fillers:** vegetable magnesium stearate, diglyceride, microcrystalline cellulose. **Anti-caking agent:** silicon dioxide. **Capsule wall:** HPMC. This product is free from gluten, lactose, milk protein and animal gelatin.
